Dear Friend,

For the last 25 years, Clayton Dabney for Kids with Cancer has provided financial assistance to families with a child in the final stages of terminal cancer, helping them create everlasting memories during their child's precious, final days. We are proud that in those 25 years, we have never turned down a qualified request for this meaningful assistance due to a lack of available funds.

Our world has changed significantly over the course of this year, but childhood cancer continues to wreak havoc on families across the country. The families in need of our help have faced additional hardships as they struggle with the devastating loss of their child. Thanks to our incredible donor community, we have still been able to assist each of these families during this uniquely trying time.

To commemorate Childhood Cancer Awareness Month this September, we are asking you to join our "Angels Among Us" campaign to ensure that we are able to continue our mission and help every family who needs our one-of-a-kind assistance. For every \$100 you donate, you will receive a Clayton's Angels yard sign. We hope you'll proudly display an angel in your yard to recognize these families who have lost a child to cancer this year. In addition, you can gift a sign to your neighbor, a friend or family member, your child's teacher, your doctor or whoever has been an angel to you and your family during this especially difficult year or in your lifetime.

Please find more information included with this letter and join us in recognizing the Angels Among Us. We appreciate your continued support of the mission of Clayton Dabney for Kids with Cancer.

With Gratitude,

Jenny Saphier
Angels Among Us Co-Chair
